

Interior Designer (8+ years exp.)

Gensler is one of the world's leading architecture, design and planning firms, with staff in locations around the world. No Client is too small or too large. Our work reflects an enduring commitment to sustainability and the belief that design is one of the most powerful strategic tools for securing lasting competitive advantage. At Gensler, you will join a highly creative, collaborative team dedicated to innovative problem solving and design excellence.

As a result of a growing, diverse client base, Gensler's Charlotte Workplace Studio is seeking an Interior Designer. **The ideal candidate should have experience in corporate interiors.**

Responsibilities:

- Conceptual design, schematic design, design development and construction documentation.
- Collaborate and participate in selection and documentation of furniture, fabrics, equipment, lighting and specifications.
- Produce millwork/furniture drawings and details, which meet various and specific program requirements while also representing an overall design concept.
- Develop space planning concepts and generate program documents
- Provide project team coordination for the finished plans, specifications, and material selections required for construction
- Work with vendors, consultants, fabricators, and regulatory agencies to meet overall project objectives
- Participate in the construction administration of projects and review of submittals and finish samples, when necessary
- Assist in managing client expectations, team communication and consultant coordination
- Contribute to office activities, initiatives, and learning programs

Requirements:

- Bachelor of Architecture, Interior Architecture, Interior Design or foreign equivalent
- 8+ years of related experience, including demonstrated success as a project designer on Corporate Interior projects
- BIM, Revit skills required

Qualifications:

- Strong knowledge of the design process, including FF&E, furniture systems and specifications, color selections and material selections and specifications
- Outstanding graphic presentation skills
- Flexibility to focus on a single client with a variety of project types or multiple projects in various stages of development
- Ability to communicate design ideas and direction quickly
- Ability to work with a large project team, across multiple offices
- Knowledge of life safety codes and requirements
- Strong leadership, organizational, communication and client relationship management skills
- Knowledge of Photoshop, Illustrator, InDesign and SketchUp preferred
- Familiarity with contracts and team management

Student Intern – Architecture & Interior Design

Gensler is one of the world's leading architecture, design and planning firms, with staff in 47 locations around the world. We see design as strategy in action, focused on results. We help our clients leverage the power of design to generate innovative and sustainable solutions that effect real transformation. Our work reflects an enduring commitment to the belief that design is one of the most powerful strategic tools for securing a lasting competitive advantage. The Gensler **Charlotte** Office is currently accepting applications for our **2017 Summer Intern Program**.

We offer interns the opportunity to work on design projects as integrated members of our design teams. Our summer interns will attend learning sessions to grow their knowledge of business practice, as well as visit current construction and/or recently completed project sites. In addition, they will complete a design project with the guidance of office leadership.

All candidates must meet the following criteria to be considered:

- Must have completed their **3rd** year of a professional Architecture or Interior Design program or **1st** year of a Master's degree program in Architecture or Interior Design
- Proficiency in Revit preferred
- Hand sketching ability highly valued
- Strong 3-D computer rendering skills (Sketchup, 3-D Max, VRay)
- Capable skills with presentation software such as InDesign, Photoshop and Illustrator
- Comfortable communicating design concepts and processes
- Graphic capabilities highly valued

Note: The program is only open to students who will be enrolled in a professional degree program following summer 2017. Recent grads are not eligible.

Please submit your resume and 2-3 samples of your work. Submissions without work samples will not be considered. All applications must be received by March 17, 2017.

Gensler is an Equal Opportunity Employer and participant in the U.S. Federal E-Verify program. Women, minorities, disabled and veterans are encouraged to apply.
